

# Republic of Ireland Membership 2017 Fee Schedule

Our full subscription rates are chargeable from January to December and are dependant on the grade of membership that you are applying to join.

If you join as a new member after January you will only pay a proportion of the full fee which is equivalent to the number of months remaining to the end of December that year. You will then be automatically billed for the full year subscription from the following January.

All fees are due in full at the point of applying and are non refundable. Your fee should be calculated from the start of the month following your application. So if you apply in March, calculate your fee from April to December.
