If your local council election candidates come a knocking then ask them these **five key questions**:

1. Housing can be the solution to many public policy problems – is housing top of your agenda?
2. Are you confident your party can support the delivery of the homes needed in the area?
3. If I was at risk of becoming homeless imminently – are you confident your administration could support me?
4. Are you aware of how the changes to the benefits system will impact upon our local community?
5. What will your party do to regenerate the local area?

Os bydd ymgeiswyr etholiad y cyngor lleol yn curo ar eich drws yna gofynnwch **y pum cwestiwn allweddol hyn** iddyn nhw:

1. Gall tai fod yn ateb i nifer o broblemau polisi cyhoeddus – a yw tai ar frig eich agenda chi?
2. Ydych chi'n hyderus y gall eich plaid chi ddarparu'r tai sydd eu hangen yn yr ardal?
3. Pe bawn i mewn perygl o fod yn ddigartref – ydych chi'n hyderus y byddai eich gweinyddiaeth yn gallu fy helpu?
4. Ydych chi'n ymwybodol o sut y bydd y newidiadau i'r system budd-daliadau yn effeithio ar eich cymuned leol?
5. Beth fydd eich plaid yn ei wneud i adfywio'r ardal leol?
