

The logo for the Northern Housing Festival is a large, semi-circular graphic on the left side of the page. It consists of numerous thin, parallel lines radiating from a central point, creating a sunburst or fan-like effect. The lines are colored in shades of yellow and gold, with the innermost lines being a brighter yellow and the outermost lines being a darker, more muted gold. The background of the entire page is a solid, deep purple color.

END HOMELESSNESS  
IN 10 YEARS?**

# GOVERNMENT PROMISE OF BIG INCREASE IN SOCIAL HOMES

Labour will deliver the biggest increase in social and affordable housebuilding in a generation. We will strengthen planning obligations to ensure new developments provide more affordable homes; make changes to the Affordable Homes Programme to ensure that it delivers more homes from existing funding; and support councils and housing associations to build their capacity and make a greater contribution to affordable housing supply. Labour will prioritise the building of new social rented homes and better protect our existing stock by reviewing the increased right to buy discounts introduced in 2012 and increasing protections on newly-built social housing.

# DELIVERING A NEW GENERATION OF SOCIAL RENT HOMES

## SHELTER: BRICK BY BRICK REPORT (JULY 2024)

Shows a clear path for Government to reach 90,000 social homes a year by the end of a parliamentary term

[https://england.shelter.org.uk/support\\_us/campaigns/social\\_housing/brick\\_by\\_brick\\_report\\_summary](https://england.shelter.org.uk/support_us/campaigns/social_housing/brick_by_brick_report_summary)

## INVESTMENT

- A new Affordable Homes Programme puts social homes at the heart of funding!

## REFORMING THE PLANNING SYSTEM

- Focus national planning policies on ending homelessness and clearing social housing waitlists
  - Shelter has campaigned for **Local Plans** to include provisions of social homes to reduce social housing waitlist and homelessness
  - Right now Local Housing Need doesn't have to take this into account
  - New Government is now considering this in changes to planning policies

## BOOSTING COUNCIL BUILDING

- Government needs to support councils getting back into the business of building!
- This can help give families have a secure, stable and genuinely affordable social home and reduce TA spend

# GIVE PEOPLE RIGHTS TO ACCOMMODATION

Shelter is calling on the government to introduce a legal right to suitable emergency accommodation and adequate support for everyone at risk of street homelessness.

In 21st century England, no one should be on the streets.

# END NO FAULT EVICTION AND - EYE-WATERING RENT INCREASES

Shelter is calling on the government to strengthen the Renters' Rights Bill and ensure all loopholes are firmly closed against those who will seek to exploit gaps in the legislation.

This must include setting fair limits on yearly rent increases within tenancies, tied to the lower of wage growth or inflation, to prevent tenants being forced out of their homes unexpectedly by unaffordable rent hikes.
